

# OUTLET BOX FRAME INSERT

»» 696 SERIES

OxBox™

## SPECIFICATION

Sioux Chief 696 series OxBox™ frame inserts shall be used where necessary in accessible plumbing applications. The louvered frame insert shall allow for air admittance to the plumbing application. The solid frame insert shall limit access to the box contents and conceal any unused or infrequently used accessible plumbing fixture. Frame insert shall work with any 696 series OxBox™ outlet box.
